Conservation Districts of Iowa

(CDI)

is a not for profit organization that implements its mission of soil conservation and clean water by providing support to the 500 elected Commissioners in 100 Soil and Water Conservation Districts, appointed assistant commissioners and district employees as they serve the farmers and residents of Iowa.

Conservation Districts of Iowa

Conservation Districts of Iowa (CDI) supports soil conservation and clean water through Iowa's 100 Soil and Water Conservation Districts (SWCDs). The 500 elected Soil and Water Conservation District Commissioners in the 100 SWCDs comprise CDI's voting membership.

Conservation Districts of Iowa believes that conservation decisions are best made at the local level with technical and financial assistance from federal, state and local governments and the private sector.

Take care of the land and the land will take care of you.

-Hugh Hammond Bennett

Donations made to Conservation Districts of Iowa support:

- Protection of Iowa's land
- Sustainable agriculture
- Urban conservation
- Local community economic viability
- Clean streams, rivers and lakes
- Quality of life for Iowans and its visitors

Program Areas

CDI supports soil conservation and clean water by:

Putting Conservation on the Land

CDI provides support to SWCDs to put conservation practices on the ground that protect soil and water. CDI mission is to promote conservation on all of Iowa's land.

Telling the Story of Conservation

CDI implements many projects that promote conservation. These programs share the story of conservation with all Iowans including farmers, absentee land-owners, legislators, urban residents and youth.

Contact CDI for details about the program areas listed above.

CDI has been assisting Soil and Water Conservation Districts to protect Iowa's natural resources since 1946!
